

Bohemian Modern

Also published in a gorgeous, slip-cased limited edition, Bohemian Modern is now available in this beautiful hardcover edition. Through striking illustrations and stunning photographs, Bohemian Modern explores the unique structural and interior designs that have put California's ultra-chic Silver Lake neighborhood at the forefront of a new style phenomenon. One of the country's most renowned modernist architects, Barbara Bestor has fully embraced and perfected Silver Lake's bohemian modern style: a practical philosophy that is Californian in origin but achievable anywhere. It is a look that favors raw, authentic materials, brilliant colors, creative space planning, and a natural flow between indoors and outdoors. The results, as Bohemian Modern presents, are striking: a flawlessly restored Neutra house decorated with both whimsy and restraint, a rooftop constructed for viewing the stars, a lavish outdoor garden delicately integrated into the surrounding architecture, a double-sided bookcase that soars three stories and serves as a functional art installation...there is no limit to the creativity and beauty of Silver Lake style. Both modern and classic, refreshing and inviting, Bohemian Modern will delight readers with its breathtaking, vividly photographed tour of Silver Lake.
