

Architectural Birdhouses: 15 Famous Buildings to Make for Your Feathered Friends

...birds...will be singing about Stenders designs. He has created plans for a number of birdhouses that replicate famous buildings or architectural styles...a Gothic cathedral, the Chrysler building, and an Arts and Crafts bungalow...These...are also practical, with hinged openings for cleaning and appropriate dimensions for specific species...clear instructions supplemented by numerous color photos; these designs are within the abilities of most woodworkers. Every public library should consider this title.--Library Journal.
