

Britannias Glory: A History of 20th Century Lesbians (Gender Studies: Bloomsbury Academic Collections)

This title traces the lives of individual lesbians against the background of the politics and history of the 20th century, and shows the infinite variety of ways in which lesbians made their lives in Britain. This history has relevance to contemporary life and politics within the lesbian community. British lesbians have a long tradition of diversity, of action, of success and of pride, which is documented here.
