

Boardwalk Empire: The Birth, High Times, and Corruption of Atlantic City

Providing the inspiration and source material for the upcoming HBO series produced by Academy Awardwinning director Martin Scorsese and Emmy Awardwinning screenwriter Terence Winter, this riveting and wide-reaching history explores the sordid past of Atlantic City forever a freewheeling town long-dedicated to the fast buck from the city's heyday as a Prohibition-era mecca of lawlessness to its rebirth as a legitimate casino resort in the modern era. A colorful cast of powerful characters, led by Commodore Kuehnleand Nucky Johnson, populates this stranger-than-fiction account of corrupt politics and the toxic power structure that grew out of guile, finesse, and extortion. Atlantic City's shadowy past through its rise, fall, and rebirth is given new light in this revealing, and often appalling, study of legislative abuse and organized crime.
