

One Tiny Miracle...

The most precious gifts in life are worth risking your heart for. Dr. Ben Richardson is trying to make yet another new start, this time in the emergency department at a Melbourne hospital. It's been nearly four years since he lost his wife and unborn child and he still hasn't let go. So it comes as quite a surprise to him when his eye is drawn to a beautiful pregnant woman on the beach. When Ben realizes Celeste is a nurse at the hospital, he wants to keep his distance. She reminds him too much of all he's lost. But Celeste is clearly facing this challenging pregnancy alone, and Ben can't help coming to her rescue. Being with her to deliver her premature baby girl finally makes him realize there's a future for him right here after all if he's prepared to risk enough to claim it.
