

Reformed Dogmatics: Abridged in One Volume

Herman Bavinck's four-volume *Reformed Dogmatics* is one of the most important theological works of the twentieth century. The recently completed English translation has received wide acclaim. Now John Bolt, one of the world's leading experts on Bavinck and editor of Bavinck's four-volume set, has abridged the work in one volume, offering students, pastors, and lay readers an accessible summary of Bavinck's masterwork. This volume presents the core of Bavinck's thought and offers explanatory materials, making available to a wider audience some of the finest Dutch Reformed theology ever written. Praise for *Reformed Dogmatics*: Bavinck's magisterial *Reformed Dogmatics* remains after a century the supreme achievement of its kind.--J. I. Packer, Regent College
