

## Hard Fall

The tragic bombing of EuroTours Flight 1023 was big news. To FBI Agent Cam Daggett it was more than that. It was personal. His parents and son were on that plane. And for two years he's been after the killer who did it. All he has to go on is a name: Anthony Kort . . . and the knowledge that Kort is in the United States with a detonator no airport security can detect. HE MUST BE STOPPED. Daggett's colleagues at the Bureau and his girlfriend tell him his vendetta has become an obsession. They suggest he leave the investigation to other agents, in order to keep it objective. But having painstakingly constructed a portrait of the terrorist, Daggett believes he's now the only one with any chance of predicting Kort's next target. A novel of madness and revenge, *Hard Fall* begs readers to fasten their seatbelts.
