

Through the Magic Door

Through the Magic Door (1907) is an essay by Arthur Conan Doyle: his subject is the charisma and charm of books. Doyle invites readers to enjoy the greatest minds of all times through what they have left behind and argues that, when we read, the selfishness and hopelessness of the world can be left behind. This Super Large 20pt Edition has been optimized for readers with substantial loss of normal vision who prefer intense bold 20pt large type.
