

Curtain of Rain

Two lives, fatefully interlinked; two sets of memories, in danger of being lost. Clare Stones past has suddenly caught up with her. When a long-suppressed memory comes vividly alive, she finds herself being pulled back to the place of its origin: Bangkok. There she meets Tarrin Wandee, the writer whose book unsettled her. But have they met before, all those years ago, when she was young, idealistic and dangerously naive? And so their stories unfold in a steady rhythm between the past and the present, fiction and reality, in relief against the pulsating backdrop of Bangkok itself. All our lives are linked; its just a question of how. Moody and atmospheric, *Curtain of Rain* is a story of politics, power and greed, and the search for meaning, and redemption.
