

Dark Faith

The destructiveness of passion, both earthly and supernatural, makes cities bleed and souls burn across worlds, through endless time. Experience the spiritual side of the zombie apocalypse in *The Days of Flaming Motorcycles* and transcend both hell and nirvana in *Zen and the Art of Gordon Dratch's Damnation*. Look into *The Mad Eyes of the Heron King* to find the beautiful brutality written in the moment of epiphany or *Go and Tell it On the Mountain*, where Jesus Christ awaits your last plea to enter heaven if there is a heaven to enter when all is said and done.
