

## Operation Desert Storm: Kuwait and the Gulf War

The combat phase of the Gulf War, Operation Desert Storm (17 January 1991–28 February 1991), was waged by coalition forces from 34 nations led by the United States against Iraq in response to Iraq's invasion and annexation of Kuwait. The war, one of the shortest and most decisive in recent history, was marked by the introduction of live news broadcasts from the front, principally by the U.S. network CNN. The war also earned the nickname Video Game War after the daily broadcast of images from cameras on board U.S. aircraft.
