

Dynamic Learning: Flash CS3 Professional

Dynamic Learning: Flash CS3 Professional is like having access to a top-notch team of your very own instructors. Written by product experts and trainers who have produced many of Adobe's training titles, the book takes you step-by-step through the process of learning to use Flash CS3 like a pro. This full-color book is organized into lessons, with easy-to-follow instructions, tips, examples, and review questions at the end of every lesson. Each lesson is self-contained, so you can go through the entire book sequentially or just focus on individual lessons. Topics covered include: What's new in Flash CS3 Professional Flash CS3 jumpstart Drawing tools Modifying and transforming graphics Working with symbols and the library ActionScript Working with video and audio The DVD that is included with the book includes video tutorials and all of the files you'll need to complete the lessons, from the starting images and elements to the final, completed Flash animations. A free Instructors Guide is available online.
