

Capitol Murder: A Novel of Suspense (Dana Cutler)

Private investigator Dana Cutler and lawyer Brad Miller have overcome more than a few daunting challenges and powerful enemies to see justice done. Against tremendous odds, they successfully unmasked a president's involvement in serial murders. They also saved the life of a Supreme Court justice while foiling a plot by rogue members of the CIA to fix a case headed for the Court. Now, nefarious threats old and new are about to bring them together once again. As a group of terrorists plot to blow up a football stadium, Clarence Little, the convicted serial killer from Executive Privilege, escapes from death row. In Capitol Murder, this master of suspense delivers another high-octane thriller set in Washington's legendary corridors of power filled with startling twists that will have fans racing from first page to last.
