

Exploring Social Change: America and the World

For one semester junior/senior and beginning-level graduate courses in Social Change. An introduction to social change that highlights theories on key topics including social change, innovation, social movements, and revolutions. Exploring Social Change: America and the World 6e is a comprehensive introduction to social change. The last part of the book shifts explicitly to the global level to analyze population and environmental issues and globalization. Within this framework, the book discusses topics about change and its problems familiar in sociology and social science.
