

First Drop (Charlie Fox Thriller)

FIRST DROP is the fourth in Zoe Sharps highly acclaimed Charlotte Charlie Fox crime thriller series. The guy in the passenger seat was closest. He got out first, so I shot him first. Two rounds high in the chest. It should have been an easy introduction to Charlie Foxs new career as a bodyguard. In fact, it should have been almost a working holiday. She just has to look after the gawky fifteen-year-old son of a rich computer programmer in Fort Lauderdale, Florida. Trey Pelzner is theme park mad and in theory all Charlie has to do is baby-sit him on the rollercoasters. The last thing anyone expected was a determined attempt to snatch the boy, or that Treys father and their entire close protection team - including Charlies boss, Sean Meyer - would disappear off the face of the earth at the same time. Now somebody out there wants the boy badly and theyre prepared to kill anyone who gets in their way. Evading them, in a strange country, takes all the skill and courage Charlie possesses. As she soon discovers, once youve hit the first drop theres no going back, and youd better hang on tight because youre in for a wild ride. Nominated for the Barry Award for Best British Crime Novel. Sharps aim is dead on in her stunning US debut, the fourth book to star ultra-cool biker chick Charlie Fox. The no-nonsense, 26-year-old Charlie, a former British Army soldier (and survivor of a gruesome gang rape) has joined the protection agency of her ex-lover, Sean Meyer. On her first assignment, Charlie finds herself on a too thrilling roller-coaster ride in Florida, guarding geeky 15-year-old Trey Pelzner, son of Keith, a computer whiz working for a small software company specializing in accounting and data manipulation. After an attempt is made on Treys life, Charlie calls for backup that turns out to be anything but and soon discovers that Keith - the developer of a faulty stock indicator

program - has vanished, as has Sean. Action-packed, tightly plotted and with an irresistible first-person narration, this crisp, original thriller should win Sharp (Hard Knocks, etc.) plenty of American fans. Publishers Weekly starred review Check out Zoe Sharps Charlie Fox - shes the real deal. Highly recommended. Lee Child A female equivalent of Jack Reacher . . . Excellent - four stars. George Easter, Deadly Pleasures Mystery Magazine A stellar breakout for Sharp . . . January Magazine Ill-tempered, aggressive and borderline psychotic, Fox is also compassionate, introspective and highly principled: arguably one of the most enigmatic - and coolest - heroines in contemporary genre fiction.
