

Strange Blood: A Crime Novel (Megan Rhys Crime Novels)

Last year Frozen introduced Welsh crime writer Lindsay Jayne Ashford to U.S. mystery fans. Now Strange Blood, the next in this critically acclaimed series, has been shortlisted for the Theakstons Old Peculier Crime Novel of the Year. Fellow nominees include Val McDermid, Ian Rankin, and Stephen Booth. In this second crime novel to feature forensic psychologist Dr. Megan Rhys, she is called in to help police investigate what they believe to be a ritual killing. But as more women die, and as the press, the police, her boss, and even her own family turn on her, Megan stakes everything on finding the killer.
