

The Late Gatsby

The Late Gatsby reveals the true depravity and horror lying just beneath the surface of the roaring twenties. The mysterious arrival of the fabulously wealthy Jay Gatsby coincides with a series of strange disappearances, sparking rumors and rekindling superstitions. What is hiding in Gatsbys gothic mansion? How does it relate to the alluring Daisy Buchanan? Is there an impending vampire apocalypse, or has everyone just had too much to drink? And whats the deal with all the mosquitoes? Recently discovered among F. Scott Fitzgeralds papers, this early and uncensored version of The Great Gatsby, written in collaboration with S. A. Klipspringer, was suppressed for almost 90 years. Fitzgeralds editor encouraged him to publish a fictionalized and sanitized version, claiming that humanity just isnt ready to face this shocking truth. Fitzgeralds collaborator refused to cooperate and removed his name from the published work. He planned to publish his own version of the events but soon disappeared under unexplained circumstances. Now, for the first time, you may read the complete, horrific, and true story of Jay Gatsby. Coming soon from F. Scott Fitzgerald & S. A. Klipspringer: The Beautiful and Damned and Zombies Tender is the Flesh The Bloodlust of the Last Tycoon Bernice Bobs her Head & Other Short Horror Stories The Bi-Curious Case of Benjamin Button & Other Erotic Tales
