

Forever My Hustla

Full Length Standalone While most young girls grew up playing with barbies and wanting became actresses and models, young Avery wants nothing more than to be like her parents. HUSTLERS. She wanted the the shine and finesse that came with running the streets. She wanted the streets to scream her name like they screamed her mothers and her fathers. With a get it by any means attitude, she planned to overcome every obstacle and tragedy that got in her way. The only thing that is missing, is the Cylde to her Bonnie. Christopher is a young man who is all about getting to the money. While he is a hustler by nature, running the streets was what he did because he had to. Loving the streets and wanting them to know his name was something that he never wanted. After watching Avery grow up from young hot girl on block, to a full fledge woman, he tries hard to fight off the feelings that he has for Avery, all a while keeping his eyes on the prize. HIS MONEY. Can he keep things friendly and watch over her as her father, his mentor asked? Or will he get caught up with Avery and help lead her further down the path of destruction?
