Packed full of gorgeous, well photographed images, Contemporary Living Space highlights the best of international living spaces from luxury homes to the less-often featured but very important variety of well-designed apartment spaces. Sleek and ultra modern, these spaces are light, airy, and utilize elements like recycled wood and eco-friendly lighting. Both aesthetically appealing and smart, the spaces featured are the result of the designers well-thought out choices for everything from window framing to sink fixtures to heating methods to furniture elements.
