

H3 Leadership: Be Humble, Stay Hungry, Always Hustle

H3 Leadership provides a practical road map for implementing and living out the transformational habits of a leader. True leadership can be complex. Brad Lomenick keeps it simple with the three transformational habits of leadership: stay hungry, be humble, always hustle. These powerful words describe the leader who is willing to work hard, get it done, and make sure it's not about him or her; the leader who knows that influence is about developing the right habits for success. H3 Leadership is an application-driven, practical leadership resource that provides much needed guidance on how to run the leadership race well. Based on a decade of work with Catalyst and the gathered insights of leaders in a wide range of fields, H3 Leadership gives leaders a critical edge by showing how to: Develop an appetite for what's next. Outwork everyone else. Set standards that scare you. Forge partnerships with coworkers and competitors. Listeners of this highly practical audiobook will find it chock-full of easy-to-incorporate tips for catalytic leadership.
