

Heart of the Hunter

Six-foot five-inch Thobela Tiny Mpayipheli was once a feared assassin and freedom fighter, trained by the Stasi and KGB. In post-apartheid South Africa, he is happily working in a garage. But Tiny's quiet domestic life is interrupted by a desperate plea from the daughter of a trusted old friend: he is being held hostage after taking an incriminating hard drive and needs help. Tiny's old training kicks in, and as he races across the South African landscape on a stolen BMW motorcycle to the rendezvous point, he is pursued by several interested and hostile forces, including South Africa's Presidential Intelligence Unit. None of them have a clue what they're up against. With his books published in twenty languages, the critically acclaimed Deon Meyer has won a reputation as one of the best thriller writers in the world. *Heart of the Hunter* is an epic adventure across the landscape and history of a remarkable country.
