

# International Biographical Directory of National Archivists, Documentalists, and

This new edition of the International Biographical Directory of National Archivists, Documentalists, and Librarians furthers the goals of the first in providing a base for further communication and cooperation among people in national institutions whose efforts are directed at handling information for the purposes of preservation and distribution. Added to this edition are entries for countries, institutions, and persons not previously represented. Providing an international perspective on archivists, documentalists, and librarians, the focus of this publication is on the national administrators--who they are and where they are--and does not attempt to extensively describe the collections or services of their organizations. It is a tool that has been created to facilitate the cooperation among countries and to increase international communication for information professionals worldwide. This current directory of national archives, documentation centers, and libraries also provides biographical information on the senior persons responsible for those institutions. Included in the preface is a detailed explanation of the methodology used to collect the research, results of the research, the protocol for listing elements within the book, and information on how to contact the authors on any developments that have occurred in the field to keep it as current and accurate as possible. It also contains a list of abbreviations and several appendixes.
