

# International Houses Atlas: World Atlas of Contemporary Houses (English and German Edition)

Lavishly illustrated, this is an unrivalled survey of the best in contemporary house design from across the globe. Now available in paperback for the first time, this superb volume takes readers on a stunning visual tour of some of the very best, the most imaginative and the most original housing projects built around the world in the last 10 years. The 200 projects featured in International Houses Atlas span the entire world, providing an unrivalled and extensive overview of how differing cultural, climatic, geographic, and societal influences affect architectural design. With stunning full-colour photography, ground plans for every project, and detailed information on projects and architects, this is an essential comparative reference for all architects and domestic space designers.
