

## SECRETS IN THE TREE GROVE (A Candace McCauley P.I. Mystery Book 4)

Candace McCauley, Private Investigator, due to a case of flu, is forced to hand over a recent case to her assistant, Natalie Carpenter. Natalie and receptionist Evelyn Foster are shocked when a man enters the office and drops dead before their eyes. His death is determined a homicide. Candy directs her protege to look into the case of why the taxi driver wanted to hire the firm in the first place. Natalie finds herself on isolated country roads which lead her to several sinister individuals. The grove of trees stuck in the middle of a field appears to hold the interest of more than one suspect. Candy rejoins her after a few days and sets out to discover the mysterious man seen at the drive-through fast food restaurant who was in the front seat of the taxi driven by the victim. Candy allows Natalie, who is in her element, to take the lead in the case. Natalie visits the neighborhood of suspects and befriends an eccentric neighbor to gather information. From there she follows the suspects to the remote grove of trees in the country. Natalie learns the ins and outs of investigative work the hard way when she realizes how dangerous it can be. She is convinced the tree grove on Cowherd Road holds the clue to the identity of the murderer.
