

## Sue Me (The Destroyer Book 66)

Why wait for accidents to happen, when, with a little planning, you can create your own tragic accident, sue for millions and profit! Whether the victim is a single person on a faulty moped or ten thousand workers in a doomed factory town, the law firm of Palmer, Rizutto & Schwartz will see to it that someone pays restitution and that Palmer, Rizutto & Schwartz collects it. Dr. Smith wants CURE to bust the morally bankrupt barristers using the court system, so this time it's an old-fashioned shoe leather investigation for Remo and Chiun. Sinanju could yet have its day, though the mysterious voice that masterminded these disasters may only yield to Remo's closing argument. Remo Williams is The Destroyer, an all-American cop recruited through highly unorthodox methods to serve in CURE, a covert government organization. Trained in the esoteric martial art of Sinanju by his aged Korean mentor, Chiun, Remo is America's last line of defense against mad scientists, organized crime, ancient undead gods, and anything else that threatens the Constitution. An action-adventure series leavened with social and political satire, the Destroyer novels have been thrilling readers worldwide for decades.
