

Digital Video fur Dummies (German Edition)

Digital Video ist nicht schwerer als das bekannte analoge Videofilmen. Doch bevor man anfängt, muss man doch einige Fragen beachten: welches Kamerasystem wähle ich, was braucht mein Computer an Hardware und Softwareteilen? Dieses Buch beantwortet von der Auswahl des Kamerasystems, der Schnittstellenkarte und der Computersoftware alle Fragen des angehenden Meisterregisseurs. Aber nicht nur das: auch die kreative Gestaltung eines Films und das Handwerkszeug der Kameramänner werden vermittelt.
