

Glimpses of the Monastery: Scenes From the History of the Ursulines of Quebec During Two Hundred Years, 1639-1839 (Classic Reprint)

Excerpt from Glimpses of the Monastery: Scenes From the History of the Ursulines of Quebec During Two Hundred Years, 1639-1839 Some twenty years ago the pages of the Glimpses of the Monastery were written to supply a want which had long been felt; namely, that of possessing in English, and within a small compass, an account of the chief events that have marked the history of the Convent since its foundation. The object of the work suggested the plan. It was not to be a dry compendium of facts and dates. It should represent the character and spirit of the institution of which it treats, by presenting before the reader the varying vicissitudes through which it has passed from the first hazardous undertaking of its foundation to the present day. It should introduce us not only to those valiant women who shared the courage and our suffering of the holy priests and missionaries of the heroic age of Canada, but it should acquaint us also with some of those facts and incidents which occur to vary the uniformity of convent life, presenting us even the more intimate pictures of the lives of the nuns. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
