

Microsoft Expression Web 2 Step by Step (Step By Step (Microsoft))

The smart way to learn Expression Web 2 one step at a time! Work at your own pace through the easy numbered steps, hands-on exercises, and practice files on CD and master the fundamentals of creating effective Web sites. You'll work with advanced design technologies and discover the powerful and easy-to-use Web design experience that Expression Web 2 delivers. Teach yourself how to create professional-looking Web pages, work with powerful design tools and task panes, and incorporate support for XML, Microsoft ASP.NET, and XHTML. You'll also learn how to build templates, work with sophisticated cascading style sheets and other design features that help you to precisely control your work, and take advantage of built-in support for today's Web standards. With STEP BY STEP, you can take just the lessons you need or work from cover to cover. Either way, you drive the instruction, building and practicing the skills you need, just when you need them! Includes an easy-search companion CD with files for practicing the book's lessons, a complete eBook, and more!

Key Book Benefits Covers the fundamentals for building dynamic, interactive pages that meet today's Web standards Features easy-to-follow lessons and hands-on skill-building exercises Includes an easy-search companion CD with practice files, a complete eBook, and other resources
