

Lock Your Door

Secure functioning online requires a bewildering array of usernames and passwords. Nothing is more frustrating than forgetting a password or security question while trying to gain access to a website, company or social media. This book was designed to avert these frustrating occurrences which result in stress and decrease quality of life. Lock Your Door presents a system of using a written journal that contains all of the information necessary to easily find and retrieve passwords and allocates space to change a password a minimum of four times a year. If you prefer written to online storage of your information, this is a good system for you.
