

## Miracle Cure

A Harlan Coben Classic Now Back in Print! #1 New York Times bestselling author Harlan Coben adroitly applies the fundamental rules of thrillerdom (offer a raft of potential villains; keep the action moving at breakneck speed) in this highly entertaining novel (Publishers Weekly). They're one of the country's most telegraphic couples: beloved TV journalist Sara Lowell and New York's hottest basketball star, Michael Silverman. Their family and social connections tie them to the highest echelons of the political, medical, and sports world threads that will tangle them up in one of the most controversial and deadly issues of our time. In a clinic on Manhattan's Upper West Side, a doctor has dedicated his life to eradicating a divisive and devastating disease. One by one, his patients are getting well. One by one, they're being targeted by a serial killer. And now Michael has been diagnosed with the disease. There's only one cure, but many ways to die.
