

## Moonshot: The Flight of Apollo 11

Brilliantly illustrated, Moonshot tells the story of our first visit to the moon in 1969an unforgettable story of home, seen whole, from far away.Simply told, grandly shown, here is the flight of Apollo 11. Here for a new generation of readers and explorers are the steady astronauts, clicking themselves into gloves and helmets, strapping themselves into sideways seats. Here are their great machines in all their detail and monumentality, the ROAR of rockets, and the silence of the Moon. Here is a story of adventure and discovery -- a story of leaving and returning during the summer of 1969, and a story of home, seen whole, from far away.
