

A Simple Guide to the Mac - OS X Mountain Lion Edition

The Mac is a powerful system, but as with all computers its initial complexity can be daunting. However, the Mac is actually a very friendly and easy to use computer, and this book is your guided tour...Just great! This is a must-read book for beginners; 5/5 - UK Reader This is the one you are looking for. This is the clearest and most concise run down of all the basic features of the [Mac] that I have found It is a beautiful read; 5/5 - US Reader A Simple Guide to the Mac is designed to be as simple as possible to follow, but also enjoyable to read. It aims to give you the information you'll want to know, but without bothering you with the stuff you don't need. Tired of books that are as thick as a house brick, tell you five ways of doing the same thing, and leave you more confused than you were to start off with? A Simple Guide to the Mac shows you the best way to use the most important features, leaving out the hundreds of pages of confusion that some other books offer. It aims not to be dumbed down, but easy to understand and friendly, just like the Mac itself. Fully up to date for the latest Mac Operating System, OS X 10.8 Mountain Lion, you'll find yourself quickly getting more from your computer than ever before! Discover the great features in OS X Mountain Lion, and learn how to: Get up and running with a new Mac Manage Apps with the Dock & Launchpad Keep your workspace tidy with Mission Control Get information quickly with Dashboard (Improved in Mountain Lion) Become more productive with Multi-Touch Gestures Get organised with the Calendar Stay on task the Reminders (New in Mountain Lion) Jot it down in Notes (New in Mountain Lion) Stay in Sync, with iCloud (Improved in Mountain Lion) Take control of your work, with Versions Backup your Mac, with Time Machine Keep track of your notifications with Notification Center (New in Mountain Lion) Find where you put your files with
