

## Searching for Schindler [With Earphones] (Playaway Adult Nonfiction)

In 1980, Tom Keneally walked into a store in Beverly Hills owned by Polish Jew Leopold Pfefferberg Page to buy a new briefcase. For the next few years, Toms life was taken over by this charismatic and driven man, known as Poldek, and the story he wanted shared. The resulting book was Schindlers Ark, which went on to win the Booker Prize and ultimately became the Oscar-award-winning film Schindlers List. Tom and Poldek travelled across the US, Germany, Israel, Austria and Poland, interviewing survivors and discovering their extraordinary stories. Searching For Schindler is very much Toms journey; he reflects on his early days as a successful but less than confident writer, and how this book, the film it became and the people he met, changed his and his familys lives forever.
