

## #MasGordoElAmor (Spanish Edition)

After the success of the books in the Heroes series *Siete esqueletos decapitados*, *Nocturno Belfegor*, and *El legado de la estirpe* Antonio Malpica brings the same suspense and terror to this YA romance novel. It is a modern and vital story that is filled with both humor and melodrama. The protagonist, Simon, has just reached adulthood after an event that has radically transformed his life and urged him to settle accounts from his past. Thus, in the company of his best friend El Pollo, they undertake a quixotic-like quest full of unexpected events.
