

Just One Night (Just One Day)

From the international bestselling author of *If I Stay*. Now a major film starring Chloe Grace Moretz. Everything will happen in just one night . . . After spending one life-changing day in Paris with laid-back Dutch actor Willem De Ruiter, sheltered American good girl Allyson Lulu Healey discovered her new lover had disappeared without a trace. *Just One Day* followed Allyson's quest to reunite with Willem; *Just One Year* chronicled the pair's year apart from Willem's perspective. Now, back together at last, this delectable e-novella reveals the couple's final chapter. Perfect for fans of John Green and David Levithan.
