

POEMS FOR ROBOTS

DESCRIPTION OF POEMS FOR ROBOTSP
 POEMS FOR ROBOTS is a zany little collection of poems for and about our possible futures living with the helpful, multi-tasking, little and large automatons who could be the next necessity we cant live without-or the dangerous shadow of technology that will cause us to hide from.

This is an anthology of simple rhymes that tell of a not so simple future.I hope that it is a delightful read that might make us all think of how neat and keen high tech will be.POEMS FOR ROBOTS consists of 28 poems and is approximately 2,756 words.
