

## Seaside Living (Home Series)

The new Home series from Beta-Plus invites you to take a fascinating journey through the most beautiful and inspiring interiors. The thirty volumes in this series are thematically divided by room (living rooms, bathrooms, kitchens and so on), and also by style (including designer homes, country houses and contemporary interiors). The reports in these books combine to create a unique voyage of discovery through modern trends in decoration and architecture, reflecting the lifestyle and outlook of people who live in these beautiful homes. The thirtieth, and final, volume in the Home series charts the work of architects and interior designers who have gone in search of the essence of living close to the sea.
