

Sigurd Lewerentz: St. Petri: Church, Klippan 1962-66, ONFM Vol. 2 (ONeil Ford Monograph)

Swedish architect Sigurd Lewerentz (1885-1975) was invited to design a church in the remote southern village of Klippan in 1962 at the age of 77. For architectural pilgrims, the Church of St. Petri Klippan has since become a counterpoint to the influential Chapel of Notre Dame at Ronchamp (1955). This volume documents Lewerentz's masterpiece.
