

HOW TO LOCK IN A PERFECT GOLF SWING

Please note: The price of this book will probably increase soon. HOW TO LOCK-IN A PERFECT GOLF SWING introduces ten new and revolutionary techniques to lock-in a square alignment and an on line swing path of your clubface during your setup routine. Not only does HOW TO LOCK-IN A PERFECT GOLF SWING instruct you ten new and different techniques to lock-in a square clubface alignment and an on line swing path during your setup routine it also instructs you the remaining steps in your pre-swing proceedings to hit your golf ball as straight as a laser beam, one golf shot after another. When you learn these techniques to hit your golf ball as straight as a laser beam You will be able to compete with the very best players You will be able to out drive your opponents You will be able to hit the fairway with every drive You will be able to attack the green like a mad man You will be able to avoid every bunker You will never lose another ball You will cure your slice in a heart beat You will never shank another ball You will never duck-hook another golf shot You will avoid the rough like the plague What took more than ten years of research and experiments to discover on how to lock-in a perfect golf swing can be learned by you in less than 15 minutes from the instructions in this book. Gordon Jackson has written more extensively about golf instruction than any one in the history of the sport. He has produced more than 50 instructional DVDs, written more than 30 Special Reports and published twelve books on his Locked-In Golf techniques. His books include: *HOW TO HIT A GOLF BALL AS STRAIGHT-AS-AN-ARROW* HOW TO LOCK-IN A PERFECT GOLF SWING* HOW GOLF WORKS* TOO SIMPLE TO BE GOLF* THE LOCKED-IN GOLF METHOD* HIT IT DEAD STRAIGHT* INSTANT GOLF* STRAIGHT SHOOTING

GOLF*HOW TO HIT A POWER DRAW*HOW TO HIT A PERFECT FADE*HOW TO LOCK-IN A PERFECT GRIP*THE LOCKED-IN GOLF SWING
After many years of extensive research and thousands of experiments, he was the first to discover the fundamental flaw of golf which he characterizes as the Vardon Curse. The Vardon Curse simply means the instant a conventional style of grip is formed on a golf club, the wrists will rotate the clubface to an effective open alignment and to an out-to-in swing path, creating a slice ball flight alignment. Since such discovery, he has designed, developed and perfected more than 100 techniques to convert the inherent slice ball flight alignment to a straight ball flight alignment to produce a golf shot as straight-as-an-arrow. In addition, he has designed, developed and perfected more than 30 techniques to lock-in and produce shaped golf shots. Also, many of his techniques as well as much of his research, experiments and validated tests are addressed in his books, DVDs, Special Reports, blogs and articles with one purpose in mind: TO TRANSFORM GOLF FROM A GAME OF GUESS TO A GAME OF SUCCESS.
