

## The Boston Drivers Handbook: The Almost Post Big Dig Edition

A commuters survival guide and a visitors crash course on the sometimes hilarious, sometimes harrowing reality of Boston driving, The Boston Drivers Handbook: The Almost Post Big Dig Edition offers expert advice and witty encouragement for conquering the streets. This newly revised edition has tips on everything you need to know-from where to park, how to drive in the winter, how to execute the sidesqueeze in heavy traffic -and everything you dont necessarily need to know but will love to know anyway-from pedestrian point values (absent-minded MIT professor, 2 points; mayor, 10 points) to the best accident excuses of all time. With the latest information on the confusion caused by Bostons Central Artery Relocation Project, The Boston Drivers Handbook is as practical as it is entertaining, making it a must-have for the tourist and the Boston native alike.
