

The Church: Towards a Common Vision (Faith and Order)

For twenty years, the delegated representatives of the Orthodox, Protestant, Anglican, Evangelical, Pentecostal and Roman Catholic churches...have sought to uncover a global, multilateral and ecumenical vision of the nature, purpose, and mission of the Church. -- from the Preface *** What can be done in order for the Church of the Triune God to grow deeper in communion, to strive further for justice and peace in the world, and to overcome together past and present divisions? The Church: Towards a Common Vision proposes a remarkable answer to this question. Developed by theologians from a wide range of Christian traditions and cultures, this book addresses first the Church's mission, unity, and its being in the Trinitarian life of God. It then discusses the need for growth in communion - in apostolic faith, in sacramental life, and in ministry - as churches divinely called to live in and for the world. (Series: Faith and Order)
