

## The Commodore

Patrick O'Brian's Aubrey-Maturin tales are widely acknowledged to be the greatest series of historical novels ever written. To commemorate the 40th anniversary of their beginning, with *Master and Commander*, these evocative stories are being re-issued in paperback with smart new livery. This is the seventeenth book in the series. Jack Aubrey's long service is at last rewarded: he is promoted to the rank of Commodore and given a squadron of ships to command. His mission is twofold - to make a large dent in the slave trade off the coast of Africa and, on his return, to intercept a French fleet set for Bantry Bay with a cargo of weapons for the disaffected among the Irish. Invention and surprise follow at every turn in this tale of nineteenth-century seamanship, as rich, as compelling, as masterly as any of its predecessors.
