

The Doctors Little Secret

Straight-Arrow M.D. Meets Shoot-From-The-Hip Lady Cop And they are so wrong for each other! Russ McKenzie knows it the first time he runs afoul of Rachel Byers and stares down the barrel of her gun. But when the towns new doctor needs a temporary fiancée to gain custody of the daughter hes kept secret for the past five years, hes sure the shapely policewomans chutzpah will compensate for what she lacks in feminine wiles. As they become enmeshed in the dicey charade, however, he starts to fall for Rachel and her refreshingly frank ways. Pretty soon hes wishing he had his own set of handcuffs, to guarantee that she stays where she belongs with his little girl, and of course with him!
