

The Hunchback of Notre-Dame

The story begins on the day of the Feast of Fools in Paris, France. Quasimodo, a deformed hunchback who is the bell-ringer of Notre-Dame, is introduced by his crowning as the Pope of Fools. Esmeralda, a beautiful Gypsy street dancer with a kind and generous heart, captures the hearts of many men, including those of Captain Phoebus and Pierre Gringoire, a poor street poet, but especially those of Quasimodo and his adoptive father, Claude Frollo, the Archdeacon of Notre Dame. Frollo is torn between his obsessive lust and the rules of the church. He orders Quasimodo to kidnap her, but the hunchback is captured by Phoebus and his guards, who save Esmeralda. Gringoire, witnessing all this, accidentally trespasses into the Court of Miracles, home of the Truands (criminals of Paris). He was about to be hanged under the orders of Clopin Trouillefou, the King of Truands, until Esmeralda saved his life by marrying him. The following day, Quasimodo is sentenced to be flogged and turned on the pillory for one hour, followed by another hours public exposure. He calls for water. Esmeralda, seeing his thirst, offers him a drink. It saves him, and she captures his heart... (Excerpt from Wikipedia)
