Yet all these things had no effect upon me. or at least not enough to resist the strong inclination I had to go abroad again, vv hich hung about me like a chronical distemper. In particular, the desire of seeing my new plantation in the island, and the colony I left there, ran in my head continually. I dreamed of it all night, and my imagination ran upon it all day; it was uppermost in all my thoughts; and my fancy worked so steadily and strongly upon it, that I talked of it in my sleep; in short, nothing could remove it out of my mind: it even broke so violently into all my discourses, that it made my conversation tiresome, for I could talk of nothing else; all my discourse ran into it, even to impertinence; and I saw it in myself.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
