

## Quit Your Witchin (Witchless in Seattle)

Hello again! Its me, Stevie Cartwright, ex-witch and new Madam Zoltar. I was fresh off the murder-suspect list and just settling into Madam Zs psychic medium shoes-with the help of my bat familiar Belfry and spirit spy Win-when another death rocked sleepy little Ebenezer Falls, Washington state. Tito Bustamante, my beloved purveyor of mouth-watering Mexican munchies, has been found dead in the food truck court. Rumor has it that Tito was stickin his chimichanga where it didnt belong, and my gut-not to mention his less-than-natural death-says murder. No one is above suspicion. Not Titos own wife and daughter, not his arch food truck enemy Jacob, and certainly not the son Tito didnt know about, newly arrived in Ebenezer Falls and getting cozy with my hired help. Do join me (and try not to point and laugh) as I juggle catching a killer, snooping for clues about Wins previous life, gabbing with and eavesdropping on the locals, and enduring a visit from my very unwelcome, very annoyingly gorgeous ex-coven leader-all while continuing to adjust to my new witchless existence.
