

The Spy: An Isaac Bell Adventure, Book 3

The unabridged, downloadable audiobook edition of *The Spy*, Clive Cussler and Justin Scott's compelling third instalment in the Isaac Bell tales. Isaac Bell is on the hunt for the killer of some of America's finest minds.... In 1908, when a brilliant American battleship gun designer kills himself, his grief-stricken daughter is deeply suspicious. She turns to the legendary Van Dorn Detective Agency, where chief investigator Isaac Bell finds clues that indicate murder. Uncovering more suspicious deaths, Bell realises that someone - an elusive spy - is orchestrating the destruction of America's brightest technological minds. And the murders all connect to a top-secret project known as Hull 44. As Bell gets closer to the truth and the spy himself, he is pitted against German, Japanese, and British agents. More than the future of his country is at stake - it's the fate of the world.
