

The Wizard of London (Elemental Masters)

Set in Victorian London-where magic is real and Elemental Masters control the powers of Fire, Water, Air, and Earth-the fourth novel in this best-selling series tells the story of Lord Alderscroft, Master of the British Elemental Masters Council-the most powerful Fire Master ever to lead the Council. Loosely based on The Snow Queen, The Wizard of London delves into Lord Alderscrofts youth, when he was bespelled by an evil Elemental Master who hoped to use him for political gain.
