

Burning Chrome

Best-known for his seminal sf novel *Neuromancer*, William Gibson is actually best when writing short fiction. Tautly-written and suspenseful, *Burning Chrome* collects 10 of his best short stories with a preface from Bruce Sterling, now available for the first time in trade paperback. These brilliant, high-resolution stories show Gibsons characters and intensely-realized worlds at his absolute best, from the chip-enhanced couriers of Johnny Mnemonic to the street-tech melancholy of *Burning Chrome*.
